

FLAVOR *BOOST*

SIMPLIFYING BEVERAGE CUSTOMIZATION

The special touch that pure flavor brings to beverages is combined with the ease and convenience of a pump dispenser, and it's available from Flavorchem. **Flavor Boost** has no sugar and no artificial sweeteners, allowing for the addition of sugar, sugar substitutes, cream, or whatever else is desired. It's pure, unsweetened flavor that gives ultimate beverage customization freedom. Hazelnut and French Vanilla flavors are top favorites, but **Flavor Boost** can come in any flavor and is ideal for seasonal flavor options. The quart bottle arrives with a screw-on pump for hassle-free setup, and just one pump provides the optimal level of added flavor to beverages.
