Flavorchem Launches Non-GMO Project Verified Flavors

Downers Grove, IL; December 21, 2015: Flavorchem Corporation, a leader in flavor, color and masking solutions for the food and beverage industry, announces a new line of Non-GMO Project Verified flavors. Some of the current Flavors offered are cocoa, coffee, orange, lime, peppermint and lemon. Additional Verified flavors are continuously being added to our product line.

The Non-GMO Project is a non-profit organization and is North America's only third party verification and labeling for Non-GMO products in the food and beverage industry. They currently have over 30,000 Non-GMO Project Verified products from 2,260 brands.*

GMOs (or Genetically Modified Organisms) are organisms whose genetic material has been artificially manipulated in a laboratory through genetic engineering, or GE.

"Flavorchem always takes a proactive approach by introducing new non-GMO ingredients, as the demand for health and wellness products expands into all segments of the food and beverage industry," states Edward McIntosh, Marketing Manager at Flavorchem.

About Flavorchem: Flavorchem Corporation is a global manufacturer of flavors & colors for the food, beverage, and nutraceutical industries. At its core, Flavorchem's strength lies in a foundation built on unsurpassed service joined with a focused Quality approach in all facets of operations.

Flavorchem's comprehensive services include flavor and color creation and development as well as masking and sweetener technologies. Customers are invited to participate in the development process to further successful outcomes. Flavorchem's strong partnerships, quality and service are the driving force for why their ingredients can be found in well-recognized brands throughout the world.

Headquartered in Downers Grove, Illinois in the United States, Flavorchem also has facilities in California and Europe. For more information contact Ed McIntosh, Marketing Manager at (630) 932-8100 or emcintosh@flavorchem.com.
